# Letter from the Editors

“We run this ship” means so much to us. Being seniors, we are at the top which means that we “run” this school. Class of 2017 has come so far to get to where we are today. We’ve had our ups and we’ve had our downs but we still managed to become such a successful class whether it was through classes or non-academic achievements. For the past four years, we have gotten closer together than we have ever been and we are more of a team than we could have ever asked for. From our first pep rally to our senior prom, we have made memories that will last for a lifetime. As we move out of high school and into the real world, we are excited to see where each person goes and what they accomplish with their lives.

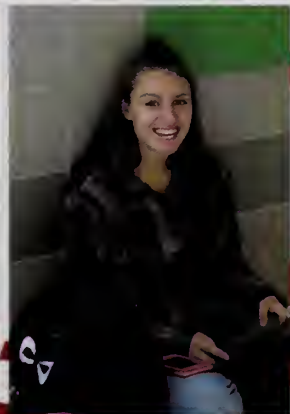

We want to thank Mrs. Santos for everything she has done for us. She has spent countless hours on helping make our yearbook happen. We probably wouldn't have finished the yearbook if it wasn't for her. Also, she has been our yearbook adviser since freshmen year and has always been there for us and supported all of our (very) crazy ideas.

Best of luck to the class of 2017,  
Tristan Paredes & Sami Gilbert

Four years have gone by, and I am surprised to say it seemed like it went by too fast. Now that we're nearing the end of our high school years, I remember all the struggles and the successes. All the fails and all the feats. But now we all have college to look forward to. Unless you aren't going in which case, good call.

Debt isn't too fun I hear. If you are heading off to college, congrats and good luck, I think it's supposed to be some fun so enjoy it. Oh and a final word of advice: Chase your dreams and everything else.

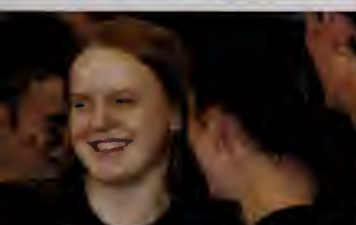

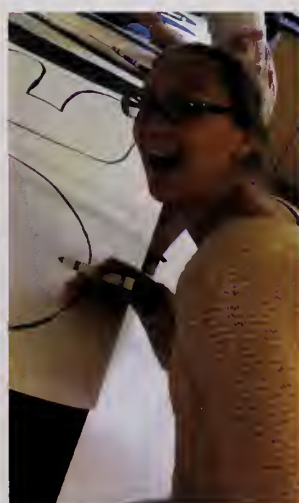

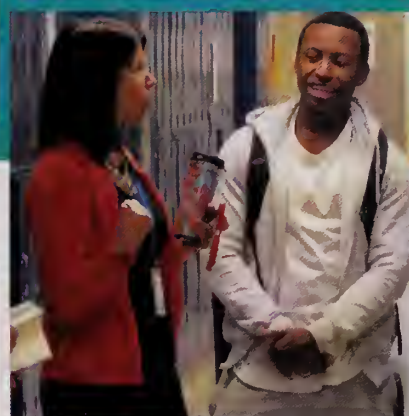

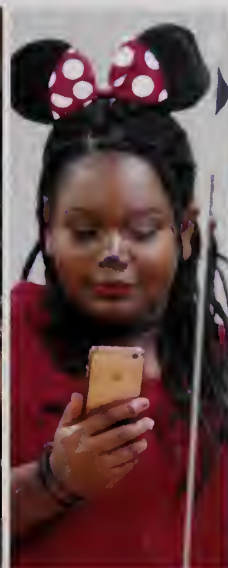

Sincerely,  
Your President,  
Vinny

## Mary Manning

Next year I will be attending Boston University to study Early Childhood Education and Special Education. I knew BU was perfect for me the second I stepped foot onto campus. I absolutely love the city campus, the education program, and all the opportunities students there have. I am hoping to one day teach abroad with BU in Australia. In my future I want to be a teacher for children with special needs because everyday the children I work with inspire me to do the impossible.

## Conor Wisentaner

Since becoming an appointee to the Air Force Academy, I've put quite a lot of thought into whether it's the right school for me and what I'll study there if I go. I would need to sacrifice much of my free time to attend, but for the experience of studying at one of the most rigorous schools in the country it would certainly be worth it (did I mention it's free?). The Academy campus is located just 15 miles from Pike's Peak in the beautiful mountains of Colorado Springs, which is a perfect location for an outdoor enthusiast like me. In the classroom, I'm planning to study either biology or aerospace engineering and then commission as a bio-environmental engineering or space operations officer. From there, I could stay in the Air Force or leave for the private sector once I finish my service commitment of 5 years active duty. That, or I could join more than half of the Academy's grads in choosing flight training and travel all over the world for my career. That's still to be decided. All I know is that it's a brave new world out there, full of opportunity.

## David Bartkus

I chose to take a Post Grad year after Bedford to prepare myself for college academically and athletically. After my Post Grad year I will attend Sacred Heart University where I will play Division 1 lacrosse. Being a Division 1 athlete is a huge commitment of time and effort. The reason I chose to take a Post Grad year was to help me be ready and prepare myself for the lifestyle I would be living in for 4 years.

## Kyle Fan Chan

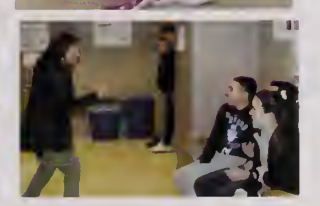

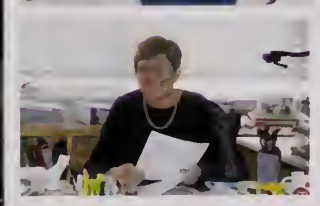

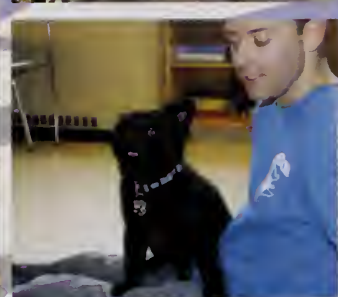

My future plans are to attend my dream school, Bridgewater State, get my Airline Transport License. I also hope to one day drive through every country in Europe on my own Grand Tour

"While it wasn't easy, we've survived junior year! We can now look back, reflect on our underclassmen years, and realize how far we've come at BHS. We've all grown individually as students and together as friends during this rough period of our lives. However, it's important that we turn our heads toward the future full of learning, opportunity, and mystery. As we approach our final year of high

school, I hope all of us shoot for the dreams and goals that we wish to achieve, whether it's becoming an officer of a club or getting into the college of your dreams. My wish for all of you is that you follow your own interests; don't let anyone convince you otherwise."

"Coming into the season, we had expectations. With a new coach, and a strong freshman class, it was a year of new beginnings. Unfortunately, we didn't get the results we wanted, but we are already looking towards next year. We want to thank all the seniors for their dedications and hard work. You made this season so memorable for the rest of us! You will be missed next year!"

"We had a great football season this year. We had a lot of guys leave and most people thought we were not going to be good this past season. We proved everyone wrong and had a very successful season. The best moment of the whole year was beating Wayland on their field for the DCL Small Championship in the last seconds of the game on a game winning TD pass. Everyone on the team was great and especially all of the fans that came out and supported us throughout the whole football season." GO BUCS!

# Volleyball

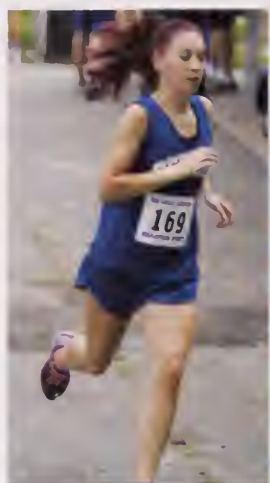

"This season was amazing. We managed to accomplish our goal of not only making states but also claiming the DCL. Being a captain this year has been a blessing. Beating Concord Carlisle, winning the DCL, and making states were all goals of ours and we did it! I am glad I got to lead such a great team for the last year of my high school career."

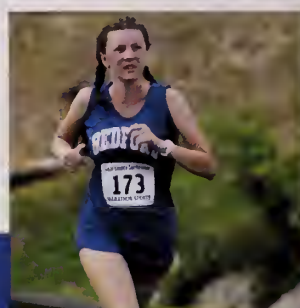

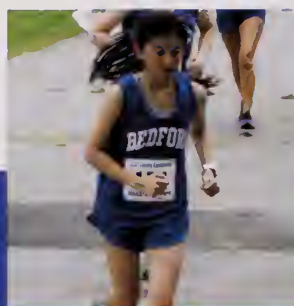

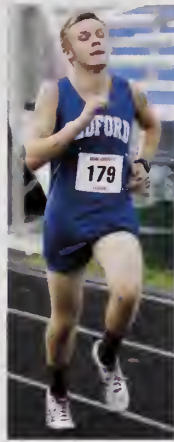

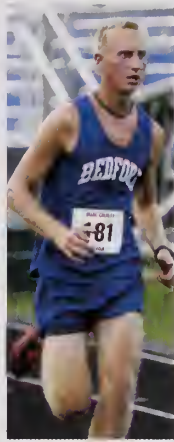

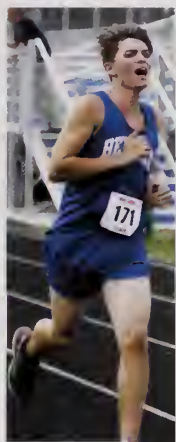

"It has been a great season! We have improved so much as a team, and everyone was so hard working and positive. A special thanks to Mr. Hebert for making the past four seasons so memorable."

Joining swim team freshman year was one of the best decisions of high school. We all push each other, learn from each other, rely and trust one another. Every time you step up on the block, it reminds you of the end of the last clearing for you. Being on the swim and dive team has been so much fun, from the meets to the practices, it's all team bonding. There will be memories and the friendships made will never be forgotten.

# Women of Science

On Saturday, December 10th Bedford hosted 36 teams in the 14th Women of Science Competition. Over 150 students, volunteers, and guest speaker attended.

They competed in four events that challenged their scientific, engineering, and team skills.

Bedford teams placed 4th, 6th, and 7th. Congratulations to them on a great day!

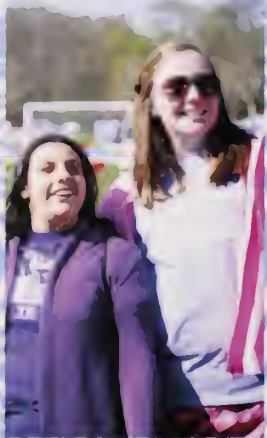

Overall winner was Wellesley High School.

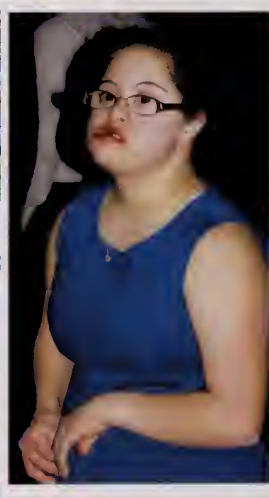

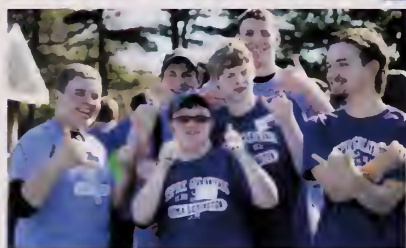

# Best BUDDIES

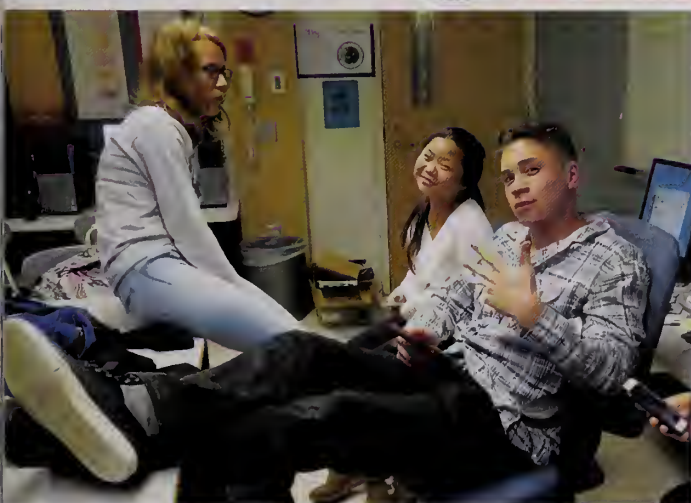

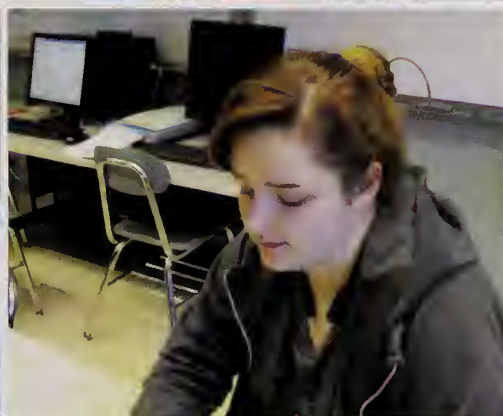

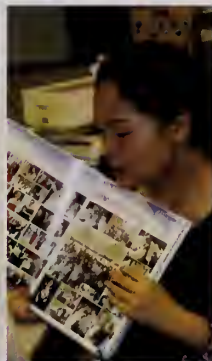

Being Best Buddies President has been one of the best parts of high school for me. Everyone involved is amazing and so passionate about the cause we work for, and there is truly nothing better than the look on our buddies faces when we have a great event. The smiles and laughter are truly contagious! Working with students who have intellectual disabilities is something that I am so passionate about doing, and being able to provide friendship and lots of happiness to all our buddies is one of my greatest joys. To all of us in Best Buddies, we don't see disabilities. We see abilities. The ability to meet new people, try something different, or learn about friendship. I am so grateful to have been able to lead such an amazing club, and so proud of every person who is involved. Together we really do help make the world a better and more inclusive place!

**Melanie Albrecht**

There is no way to express how grateful I am for all of the support I have received in 175 words or less, but I am incredibly lucky to have had so many amazing people by my side.

Mom, Dad, and Megan - You guys have helped me more than I can ever repay you, and I am eternally grateful for your love and understanding.

Even 7 years with you constantly by my side isn't nearly enough. I am so lucky to have had a best friend like you.

And Liv - Thank you for being so down to earth, supportive, and caring. You two have helped me so much more than you know.

My 7 best friends - Whether on the rails or miles from them, you guys have been the most amazing friends I could have asked for. Our friendships are irreplaceable, as are all of you.

Kyle - Thank you for being my #1 fan no matter what.

Up to 2017 - I love you all, thank you for an incredible past 4 years

**Skylar Aldrich**

First of all I would like to thank my teachers, without whom I would know substantially less. Shout-out to Hebert, Mafta, Girvan, McKenna, Margolis, and Ford. Secondly I would like to thank my friends, who light up my days. A big thanks to BCCers, Cactus Club, Noteworthy, KB, CA, BF, SC, ZS, JR, JB1, JB2, CITUC10276K, and of course anyone that I missed (sorry!). I would like to thank my uncle Ricardo. And last but not least, I would like to thank my parents for helping me to grow and learn.

**Ava Altmann**

To Mom and Dad: I grew up embraced by your love, comforted by your hugs, and motivated by your lives... and I wouldn't have wanted it any other way.

Thanks for all of your support during these past years, love you forever and always!

To Otto: You're my best friend and the funniest person I know. Thanks for being the best brother on the whole planet and helping me become the person that I am today.

To my teachers: Thanks for putting up with me and for all of your support and encouragement during these past four years.

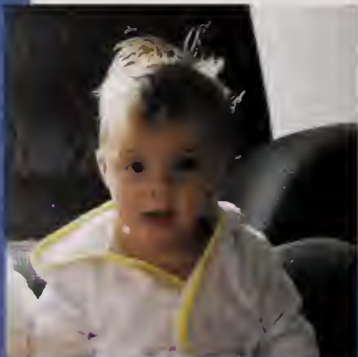

To Mocha: woof woof

To all my pals: Thanks for all the laughs and great memories! You all are just a whole lot of awesome. xoxo

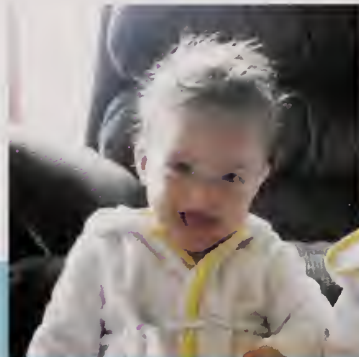

**David Appelbaum**

Thank you Mom and Dad for always being there for me through great times and tough times. You guys are the best! Thank you Adam for always being a big brother who I look up to. I can't wait to see what you do next. I know it will be great! Thank you to Carole and Clive for being a second family for me and watching out for me all the time. Clive you took so many pictures of me at games and I will always have those memories. To Sam and Abe, my cousins, I don't know what I would do without you guys. Thank you to all of my teachers who have pushed me when I didn't think I could push myself. Thank you Coach Olsen and Coach Boschetto for many great seasons in baseball and soccer. When I think about high school in years to come I will always remember sports! Thanks to all my great friends who I will miss a lot. On to the next chapter.....

**Hannah Baer**

I would like to thank my parents for doing the whole "raising me with love and care" thing, that was pretty helpful in the long run. Also a thanks to Mr. Deeter. While I was never actually in your class you still fed me and liked me better than your real students. A thanks to my dog Ammo for honing my frisbee throwing skills. They never really helped me in school, but at least you got something out of it buddy. I'd also like to take this time to thank that one kid in 8th grade who told me not to walk when we were running a mile; I replied with "Shut up". I now see you were trying to be encouraging, I'm sorry. Finally I'd like to thank Mrs. Simonelli my old reading teacher. Jokes aside, you played an important role in helping me overcome my dyslexia and learning how to read, though I still don't like any of the books we read.

**Heather Baer**

I would like to thank Billy Mays, BUT WAIT THERE'S MORE, I would also like to thank Mr. Deeter and Mr. Berwald for their continuous encouragement. I would like to thank my parents for providing me with the opportunities and support needed to take on the world. I would also like to thank the world for not cutting me any slack. I really want to give thanks to Ms. Simonelli, you helped me learn to read and opened a world of literature to me; Comics. You opened the world of comics to me. With all that said, I know there are so many more amazing people out there who have helped me, however to try and give thanks to them all in 175 words or less seems unfair. So instead, just know that everything you have told me, shown me and taught me, I have tried to take to heart to better improve myself, to become someone worth your effort. And so to all of you, thank you. BUT WAIT THERE'S MORE...

**Felicia Barber**

Thank you to my parent, teachers and friends for supporting and encouraging me these four years. Without you I would not have made it. Best wishes to everyone, and may your futures shine bright!

**Rachel Barbieri**

These past four years have shown me that I have so much to be thankful for. Mom - Thank you for the endless love and support and for getting me through all these years of school, I couldn't have done it without you. Dad - Thank you for always pushing me to do my absolute best even when I thought I was at my limit. Matt - Thanks for always being someone I can look up to and always being there for me when I needed you. MR, JM, JK, MA, GR, AK, JM, AR - Thanks for all the laughs, tears, and unforgettable memories. We've been through it all together and I wouldn't have wanted anyone else by my side these past four years. Jess - Thanks for making me laugh until my stomach hurts and for teaching me how to be the best version of myself. Kylie - I don't know what I would do without you, thank you for always picking me up when I'm down. Finally, thank you 2017 for this incredible journey. Congrats, we did it!!!

**David Bartkus**

would first like to thank Bedford High School for an amazing four years. I would also like to thank my parents for their support and encouragement throughout my years. I could not be the man I am without you two. I would like to thank Señor Caprioli for making Spanish 2 interesting and fun! I would also like to thank Ms. Sav for putting up with me for four years and always being there to help me study and helping me be the student I am today. The class of 2017, thank you for making my time at BHS one to remember. Thank you Coach LoPresti, Coach Dion and Derek Johnson for pushing me every year and making me the best athlete that I can be. Thank you to THE BOYS for a memorable senior year. Finally, I would like to thank Nicole for making my two years of high school amazing and making me the happiest man alive!

I.P. HARAMBE.

**Emma Battaglia**

Thanks Mom and Dad for always making sure I did my homework.  
Thank you to all my friends for making school fun.  
Thank you to all my teachers for making class enjoyable.

**Brianna Beasley**

I'd first like to thank God, and all that He has blessed me with and for the blessings that have yet to come. I'd like to thank my family as my first supporters, which have all contributed to my success thus far. My Gigi and Papa, stepdad Paul, and stepmom Maida, have always encouraged and kept me strong as well as focused. Along with my Mother who has sacrificed, struggled, and healed into such a powerful woman. (I love y'all). I'm thankful for all the laughs, friendships, hardships, and love that I've been able to share with my closet friends and sisters. Of course, thank you to all my teachers for your dedicated time and patience throughout all of my academic years. Lastly, I would love to shout out to the class of 2017. Over the years I have been able to connect with each and every one of you at least once and the journey has been unforgettable!

B-U-C-S BUCS BUCS BUCS!

**Madison Brown**

"I would like to thank my parents, throughout the years they kept pushing me to do my best. I also owe a huge thanks to Chipotle. Without my burrito with carnitas, no beans, fajita veggies, lettuce and cheese, I would not have graduated. Thank you for being there for me when no one else was. Thanks to the Class of 2017: I would not have wished for any other class to graduate with.

**Shera Brown**

First and foremost, I just have to say I'm proud of myself that I made it this far with my schooling. Let me tell ya, it wasn't easy what so ever. The people that would like to thank are my 6th-8th learning center teacher Mr. Georgopoulos. Thank you for always pushing me and never giving up on me. You've seen me at my absolute worst and got me through it all. So, my 9th-12th learning center teacher Mrs. Pomey. Who also never gave up on me and always told me to keep going and "don't give up now! You're almost there! And of course the most important person, my mother. She has seen every single big or little struggle that I have ever had and went through it with me. Now I am graduating this year and all those struggles have come to an end. Thank you for all of your help!

**Julianna Byington**

First, I want to thank my mom and my dad for being there for me and pushing me to be the best student and individual that I could possibly be. Thank you to my siblings Isabella and Noah for being my role models and I can't wait to grow old with you two. Thank you Coach Ryan and Coach Predaina for being two of the best volleyball coaches I have ever had and helping me pursue my passion in college. Also, thank you Mr. DeChellis for listening to my complaints about college, classes, and personal issues. Without your help, I wouldn't have the opportunity to graduate. Finally, I want to thank my two best friends Mary Manning and David Timperio because you two have been my biggest support system throughout these last 4 years with school, sports, and occasionally politics. I know that our friendship is going to last for the rest of our lives. Can't wait to see what everyone accomplishes in the future. So long BHS.

**Elizabeth Carter**

To the students and teachers at BHS, thank you so much for making my high school experience one that I truly loved and will never forget. To all of my teammates over the years, I really enjoyed our time together and I have learned so much from all of you. To my friends, thank you for sticking with me through my crazy life, and for being there for me every step of the way. I will cherish our memories together and I hope we can continue to make new ones. I love you guys! To my brother, I love you so much and I'm going to miss you when I'm gone. Finally, to my parents, for being truly amazing, strong, and inspirational through this entire process. I couldn't have asked for a better support system and I cannot thank you enough. It's been a long four years, but it was all so worth it. I wish everyone good luck as we move to the next chapter in our lives. Thanks BHS!

**Julia Clarke**

Hi Mommy & Daddy first of all, thank you for EVERYTHING, most importantly always being #1 in my life. You guys are my rocks. You have taught me everything and given me the strength to pursue whatever my heart desires. I love you both more than anything and I'll miss you so so much next year. I couldn't have done it without you. To my sisters - thanks for being there, regardless of the day and time. I love you more than you know. You're both amazing. Soah, keep doing you & live it up these next 4 years. Mom - I feel so lucky to have had you as a little brother these years. I love you and am so proud of you. Aalee Carey's - you guys mean the world to me. Thank you for ALWAYS being a phone call away. I am so grateful for you all. Xoxo. To my friends - you were wonderful. You have brought so much joy to my life. Thank you for always making me laugh. LOVE Y&U Congrats 2017!!

**Matthew Clement**

It's hard to thank specific people for getting me here to this point where I am now, but I couldn't have done it without the support of my mom and everything she's done for me. - I can't thank her enough. Along with that I'd like to thank my sister for putting up with me all this time and to always being entertaining. I'd also like to thank my friends, who have always been there for me and for being so helpful and thoughtful along with being a pleasure to be around. Lastly I'd just like to thank anyone who went out of their way to help me, even if they have nothing to gain from it. This could be someone welcoming me into a club and making me feel comfortable in an otherwise uncomfortable situation, or a teacher coming in early or staying late to help me with work I was having trouble with. Just know that no good deed goes unrecognized, and the world needs more people like that. Till next time BHS.

**Timothy Cowen**

I'd like to start off by thanking my parents for their unwavering love and support throughout my life. Through the easy times and the hard ones. A huge thanks to Coach Boschetto, Olson, Wilson, and the McGrath brothers for helping me become a better, stronger, and more mature person, on and off the soccer field and basketball court. I learned a lot of life lessons through sports and can't imagine where I would be without my teammates and coaches. Lastly, thank you to the boys. Especially Brady who almost got me a chemmy. I'll miss seeing you guy's everyday but can't wait to see what life has in store.

**John Coyne**

First, I would like to thank my parents and grandparents for being the greatest influences in my life, driving me ever forward. You started me out on the path I have followed over the past eighteen-odd years. Without you I would not be the person I am today. Next, I want to thank the teachers (SY, JL) and headmaster (BE) at Covenant School. You built up my faith, my work ethic and responsibility, and my love for math and science. From my years there I can derive every piece of my identity. Finally, thank you all of my teachers at BHS (looking at you, MM!) for growing my way of thought and preparing me for the rest of my life. I would especially like to thank the theater and music departments for adding a dimension to my interests beyond academics. I thank all of you for forging my high school experience. Here's to the future for all of us!

**Jamie Croston**

It's hard to believe that senior year is finally here. As this chapter of my life closes at Bedford High School, I would like to take the time to thank the people who helped me get where I am today. Mom and Dad, thank you for pushing me to work as hard as you know I could. I may not have always appreciated but know now how much it has benefited me. To my teachers, thank you for all your encouragement and helpful guidance. To my friends, thank you for always putting a smile on my face. We have had so many amazing memories that I will cherish forever. Lastly, to my Best Buddy Belle, thank you for an amazing three years together. I am heartbroken to leave you but know we will continue our daily text messages. I wish the class of 2017 a future filled with happiness and success. Good luck Bucs!!

**Kameran Cruz**

From my first to my last day of school, my mom & dad have always been there to help me throughout all the ups & downs school has to offer. I would like to thank my parents for all their love and support & my 2 sisters that have always been there for me. I would also like to thank both of my Grandparents who have played a big roll in my life, without them I wouldn't be the person I am today. Thank you to all my friends and family for all the amazing memories I will cherish forever. I would like to make my final thanks to Ryan Sarra, for making me a better person & sticking around even when times get tough. I'm extremely blessed you've stumbled into my life and that you've become such a big part of it. I couldn't have made it this far without any of these people, I love you all so much!

**Vincent Dee**

Bedford's been good to me since I moved here back in fourth grade. Seems like so long ago. I have the Class of 2017 to thank for the ride. Thanks to my parents for pushing me in the right direction, my friends for the laughs and support, and my teachers and classmates for making high school and the Bedford experience one of a kind. I'm glad I got to serve as our great class' president for a few years; I don't think I'll ever forget that honor.

**Chloe DeMello**

"This year has been a whirlwind of emotions and I want to say thank you to everyone who happily put up with me throughout these four years of high school. Thank you to my friends for helping me through my anxiety, even though it was irrelevant for the most part. Thank you to my teachers for cooperating with my missing work and still wanting to help me thrive. Thank you to the music department for being alongside me for Senior Districts and All States (and special thanks to Ms Faulstich for helping me get in All Nationals!!). And most importantly, thank you to both my parents. Even though you both got on my nerves about college and grades, I wouldn't have gotten through these last few years of (free) education."

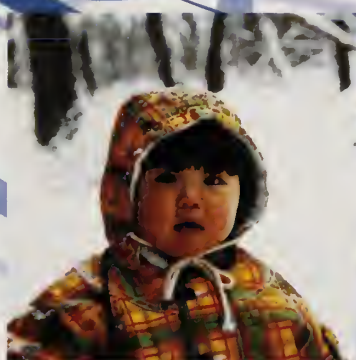

**Caitlin Dooks**

Wow. I can't believe I actually made it through. Eternal thanks to my cactus bros: Kieran, Skylar, and Hannah. I would not have made it through this without all the love and support. Thank you Miss Faulstich for putting up with me for 4 years, being a great director, and being ok with me just kind of naturally gravitating towards the auditorium. So many thanks to Mr. Hebert, Mr. Zellner, Mr. Donnelly, and Mr. Stief for actually making me laugh in the classroom while making me learn. Mrs. Tracy, I do not have enough gratitude for you, you treated me like an adult and supported my ambitions and talked to me and are just such a pleasant person. Lastly thank you to everyone in the drama club for getting your lovely, talented selves onstage for hours on end most nights, most weeks of the year, you are all such wonderful people and I am going to miss BHS shows. It's been chill, let's go live real lives!

**Stephen Dresel**

I just want to say thank you to everyone who has supported me over the past eighteen years. Thank you Mom and Dad for believing in me and helping me follow my dreams. Thank you Shauna for being an amazing role model and always giving me advice when I need it. And thank you to all of my friends. We couldn't have made it here without each other.

**Savannah En**

Thank you Mom and Dad for your unconditional love and endless support. I would not be half the person I am today without you pushing me and teaching me every step of the way. Thank you Chris for always being there for me. Thank you teachers for your patience and guidance. Thank you for stimulating my intellectual curiosity and preparing me for whatever happens next. Thank you to every coach or teammate or mentor, in any sport or competition, for helping me pursue my passions, diverse as they are. Thank you friends for all your love and wonderfulness and movie-like adventures. Thank you for making high school that much better. It's been great Bedford, thanks for all of it.

**Kevin Engel**

Thank you Mom and Dad for always being there for me. You have always been my biggest supporters and I have learned so much from you. Thank you Aidan for all the memories, you are the best brother I could have asked for even if I don't show it all the time. Thank you Coach Boschetto, Coach Gunnar, and Coach Wilson for making me a better player on and off the field and for continuing to believe in me. Thanks Irv for being a pretty cool teacher. And lastly, shoutout to the boys for making these years unforgettable. The memories we've made have been unreal. Congratulations 2017, we made it.

**Kyle Fan Chan**

Thank you Mum and Dad for supporting me through school! Thanks Ashton for all the advice for High School, and thank you Hunter for being the best little brother I could ask for. And to my friends, you know I can eat all the dumplings I want.

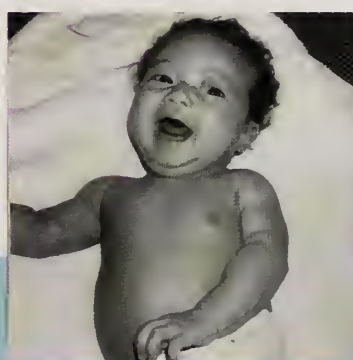

**Nathan Fisette**

First and foremost, I want to thank my parents for absolutely everything they have done. You guys have always done nothing but support me and point me in the right direction. I will always be thankful for having you as parents. Next, thank you to my sister Noelle for not only tolerating me, but actually making and spending time with each other enjoyable. I want to give a huge thank you to my best friends, MC, SD, and VD. Without you, my high school experience would have been completely different. You have given me support, friendship, and a place where I can be myself. Finally, thank you to everyone else who has helped me through my high school journey that will be left unnamed.

**Brittany Frazier**

To both my parents: Mom, thanks for always pushing me in school and being my #1 fan and #1 critic. Dad, thanks for teaching me to feel and care for others who are less fortunate and in need of help. Patrick and Stephen, thanks for being the best brothers any sister could ask for. Thanks for always having my back. Thank you to all of my teachers who helped me to be successful. As my high school years come to an end, I want to give a BIG THANK YOU to my parents for staying calm when I wasn't, and for loving and supporting all of my decisions throughout the years. I'd also like to thank my counselor, Mrs. H, for making my transition into a new school comfortable and welcoming as well as Mr. Bordok, Ms. Twombly, Mr. Berlino, and Mr. Wysokoski. They have all helped me grow within the two years of my attendance at Bedford high school. I also appreciate my great grandmother who is no longer with me but continues to inspire me and build my spirits up. Because of her I am stronger, wiser, more resilient, and can better handle anything that comes my way. Lastly, thanks to those friends that have come and gone in my life. You taught me a lot of life lessons that I would never have learned on my own. Thank you to everyone who has impacted my life as I'm now prepared to start the next chapter of my life.

**Alexander Marino**

My experience at BHS can be perceived to be a roller coaster; ups and downs, lefts and rights, twists and turns which provided a sense of joy and sorrow. It was a thrill to be part of one of the best public schools in the nation, and a testament to Massachusetts education. Most importantly, I learned a lot, socially and academically. Unlike the stereotype, I was a teenager who actually enjoyed school, I know shocking. The education I gained at BHS, helped propel my understanding of the world and make my goals more real. Thanks to: my teachers, for believing in me even when I didn't believe in myself; my friends, for being there for me even when I wanted to be alone; the cafeteria staff, for making our food to survive another day; the custodians, for opening the doors when I forgot my backpack; and the administration for keeping BHS on top. Most of all, Thank you mom and dad for moving me to this school and helping me procrastinate less. Thank You.

Beliché as it sounds I am truly thankful for all the experiences I have had in high school. Both the good and the bad, as well as the people who came along for the journey. I am so lucky to have grown up with such a strong support system composed of my teachers who have been patient and encouraging, my friends who have cheered me on, my parents who always support me and my dreams, and my brothers who put up with my shenanigans. I don't always have the right words to encompass what I want to say so I will end with one of my favorite quotes:

"Don't cry because it's over, smile because it happened" Dr. Seuss

**Kaitlyn Proulx**

First, I want to give a special thanks to both of my parents who have shaped me to be the person I am today. I want to thank all my teachers who have pushed me to become a better student and to be successful. I want to thank all my friends who have been by my side since day one always making me laugh and smile. I could not have asked for better friends to be with through the four years we have been here.

Good luck 2017!

**Emma Pulizzi**

My time at BHS, and my experiences throughout Bedford have made me very thankful. There are many people that contributed to my fond memories, and have made my time spent here very rewarding. To Mr. Hebert, thank you for supporting me throughout the past four years of cross country. Ms. Faulstich, thank you for your patience and guidance throughout my involvement in the musicals, theater, and chorus productions. I would also be remiss without thanking Mr. Sunderland, Ms. Eggers, and Señora Taub, for motivating and inspiring me in my learning. I am eternally grateful to my friends for being by my side every day; through every performance, every run, and through all the little things in between. And finally, to my family; you are my most valued support, and love me unconditionally. Thank you for always accepting me for who I am, for helping me to achieve my potential, and always wanting me to just do my best. And of course, shout out to Buddy, for never failing to make me happy.

**Samuel Rackey**

I'd like to thank my AeroPress coffee maker for waking me up every morning. I'd like to thank my 2006 Honda Odyssey with 175k miles on it for getting me where I need to go. I'd like to thank my Intel 4670k CPU and my Nvidia GTX 780 graphics card for powering the machine that makes my work possible. I'd like to thank the Moxie beverage company for making the best soda ever. Lastly, I'd like to thank the rest of you. You know who you are.

**Cassidy Reed**

I would like to thank everyone who gave me their unconditional love and support throughout the roller coaster that is high school. Mom & Dad: Thank you for always being patient, forgiving, and understanding. I'd also like to thank you for trying your hardest to provide the best life possible for me and my siblings. Nothing you do goes unappreciated. I love you forever. Bridge Program: Thank you Ms. Malone, Ms. Morely, and the rest of the staff and students for helping me to become a stronger person and for blessing me with a second family that will last a lifetime. Cyla, Cason, and Camdyn: You guys are some of the coolest, cutest, and most wonderful little ones I've ever met. Thank you for always knowing how to make me smile. I'm one lucky girl to have friends like y'all. Peace out BHS!

**Abbey Rosier**

Thank you BHS: teachers, faculty, everyone for doing everything you could to help me succeed. I'm proud to call Bedford home. Grom & Dad: Thank you for always challenging me to be the best version of myself, for your constant support, and unconditional love. I don't know where I'd be without you. To the sibs (Allypop, Emmitt, and Unit) We've had our fair share of crazy family fights, but I couldn't imagine my life without you guys. I would do anything for you and I know you would all do the same for me. Thanks for always picking me up when I'm down, and making me laugh until I cry. To my amazing friends- Especially those who have been by my side since the Davis school days, you have been there through it all and have never failed to put a smile on my face. You've made growing up here unforgettable and I'll always remember the memories we made. I love you all. And finally, to the class of 2017, congratulations!! We made it!

**Meredith Roy**

I want to thank my amazing family for supporting me all these years and for giving me unconditional love. And to my superb friends and everyone else who has been there along the way to make me laugh and make me who I am today, I am forever grateful. Thanks for the memories Bedford, it has been real. Congrats class of 2017!

When choosing a path in life, it is important to remember that though there are infinite possibilities, only a finite number of routes will lead to happiness. Thank you to my family for your support and guidance, without which I would most likely not have chosen to become a musician. And thank you to my teachers, specifically Mr. Maffa, Mr. Niven, Mr. Donnelly, Mrs. Kurzman, and Mr. Stief, for constantly pushing me to perform at my best and believing in my abilities.

**Jared Rushanan**

I'd like to give a huge thank you to my supportive family and wonderful teachers, but this should cover the memories a bit more:

I am so thankful to have grown up in this town and for all the wonderful people that have surrounded me throughout my childhood. Thank you mom and dad for showing me unconditional love and being my biggest supporters, you two mean the world to me. Thank you Kears for being someone I can always rely on, you never cease to amaze me in everything you do. Thank you to my teachers for helping me become the motivated student that I am today. Thank you to all of my friends for the countless memories and laughs, I love you guys forever and will miss you dearly. I know I can always count on my bros to keep me on the rails. I'd also like to thank Chipotle, The Office, microwave nachos, Spotify premium, guacamole, and vanilla cones among other things for keeping me sane through this tumultuous period of life. Lastly, I'd like to wish my fellow classmates the best of luck going forward, I can't wait to see the amazing things we accomplish.

**Ethan Schalick**

I would like to thank my friend Mike for helping me through a very rough part of my life. I couldn't have made it through sophomore year without you quite literally. Also thanks to my parents for dealing with my garbage for 12 years. Dad, thank you for helping me with changing schools and with my school work. And mom, thanks for helping me buff up my work ethic when I needed to the most, couldn't have gone far without you. Quick thanks to my friends and teachers at CHCH for helping me become a better person to all and a better student by actually caring about my grades. And finally thanks to Mrs. Billouin for helping me through bio as my sixth major sophomore year, your teaching style helped me through the terrible decision to take a sixth major.

**Cameron Shelmire**

I would like to thank my Mom and Dad for everything they have done for me. They are my biggest fans and have always been there to support me no matter what happens. I am so grateful to have them in my life. They have taught me so many valuable lessons and have made me into the person that I am today which means the world to me. Also, I would like to thank my younger sister Kara for always being there to help me when I am in need and being someone who I can go to for anything and know that I can trust her. As for my friends, I don't know what I would do without all of you and thank you for creating so many amazing and fun memories that I will never forget and many more to come. Shout out to The Boys!

**Zachary Stevens**

Well these last four years of high school have truly been a great time with the class of 2017. All the years that we've been together through elementary and middle school. I would like to thank my parents for being able to raise me and supporting me all the way till I have amazingly gotten to my senior year of high school. I'm so glad. I would love to thank all my coaches for the wonderful seasons I have had. The people I have become friends with because of sports. I will always remember the teammates I had and the fun we experienced on the field and during our practices. To my teachers I would like to say a big thank you for all the time and help that I have received over the years to make school not as stressful as it could have been.

**Jacob Stuart**

It's pretty hard to think about all of the people you need to thank for contributing to you becoming an adult successfully. Obviously and without a doubt I'd like to thank my parents for ensuring my existence and not giving up on me during hard times when I was an idiot, like middle school. I'd like to thank my siblings for giving me an example to look up to during my high school years. I'm thankful for all of the many wonderful teachers I have had, both professional and unpaid who taught me many important lessons that I would be lost if I didn't know. Thank you for all of those friends that I've had, thanks for putting up with me, thanks for spending time with me, and thanks for being there when I needed it. My wish is that I can make all of you proud.

**Jarrold Sullivan**

I'd like to thank my mom. She has always provided for me when times were very hard for us. She's always been there and I thank her for everything she's done for me so I can succeed. I'd also like to thank the coaching staff of the football team and lacrosse team for pushing me and always making me improve for the better. I thank Coach Belcher and Coach Johnson ("Dad") for always making me improve. Nothing is better than winning a football game and celebrating after with the team. I loved both those teams and I'll always have the memories that came along with them.

# senior pictures THANKS & BABY

**Kelly Sullivan**

Thanks to Mr. Berlino for being a really great teacher and showing compassion to his students. Would not have been able to get through the day without his help. Also, thanks to my friends for pushing me to try harder and for not letting me drop out of school when I wanted nothing more.

**Parker Taggard**

What is the point of a 'Senior Thanks', if not to pour gratitude into the souls that helped me navigate the labyrinth that is Bedford High School? Day-in and day-out, the people I spent my time with at Break, Lunch, and doing all the other miscellaneous activities in and around the school were my friends, the backbone of my success. The two people, however, that never left my side were my parents. Without them I would not be the peculiar being that I am now. High school is an endeavor of knowledge, and the special group of people that departed their knowledge upon me were my teachers, some transforming the way I view the world, namely Mr. Sunderland, Ms. Wagner, and Mr. Zellner. Thanks, Mr. Jacob-Dolan, for letting me wear that white bandana. Most importantly, I say thanks to everyone that ever read my cursive in black, medium width pen. Lastly, I could never be more thankful and appreciative for my bicycle, Athena, and the warm sips of Cappuccinos.

**Camilla Tazzi**

Thank you to all of my great teachers. Thank you to my wonderful parents. Shout out to my mom for always putting me first and for sacrificing so much time to take me to cheer practices hours away and competitions thousands of miles away. Thanks to my friends for the countless laughs and unforgettable memories, luv you guz. Thanks everyone who has supported me these past four years. Bye y'all! <3

**David Timperio**

I want to first off thank everyone who has reached out over these past two very difficult years, it means a lot. Next I want to thank my mom and the rest of my family for always supporting me and being there for me and pushing me to do my best all the time. Thirdly, I want to thank all of my coaches for making me work as hard as I possibly can and showing me that I truly can succeed. I also want to thank the BHS class of 2017 for giving me the best 4 years that I could have asked for. And finally I want to thank my best friends for pushing me across the finish line because I could not have done it without you guys.

**Jaclyn Unumb**

I have met some of the greatest people thus far at Bedford High, and thank you to those that went through this journey with me. A huge thank you to my parents and my brother Erik for their never ending encouragement and always pushing me to do the best I can. Thank you to my sister Alyssa for being a mentor and role model to me the past four years. Thank you to all my teachers, coaches, and friends that made this crazy ride as special as it was. It's been real, BHS.

**Ivan Vegner**

A sincere thank you to all the students, teachers and administrative staff of Bedford High for teaching me the value of friendship, understanding, community, kindness, youth, optimism and unity.

**Corinne Vient**

To my family- thank you for all of your constant love and support, I don't know what I'd do without you! To the BHS teachers and staff- thank you for all of your hard work and dedication to BHS. To my best friends (you know who you are)- thanks for being the realist friends a girl could ask for, I'll never forget all of our crazy fun times from elementary school to now. You guys knock my socks off. It's been real BHS!

**Mykia Washington**

One hundred and seventy five words cannot express how I feel about this town and the wonderful people that populate it. It's not so much the word limit, but the words themselves. I have known most of the class of 2017 for 13 years and countless others have come and gone. Teachers, parents, and so many other adults have helped me grow into the person I am today, seventeen and anxious to start the next chapter in my life. Looking back, it has been a wonderful trip with all of you. I am so thankful for every moment and every interaction with every face. I really am gonna miss this town. Good Luck Class of 2017. **Lily Weaver**

To everyone in my life, whether you have a small role or a big one, thank you. Every one of you has impacted my life and shaped me into the person I am today.

To all of my teachers: thank you for showing me the importance of education and inspiring me to learn.

To my friends: thank you for making me laugh, especially during stressful times.

To JK: thank you for opening my eyes to unique cultures and inspiring me to help others. You taught me that distance is a mere bump in the road of friendship.

To J and S: thank you for every game we played, story we shared, and experience we had together, for it has forged our sisterly bond.

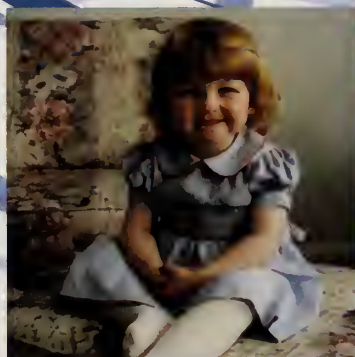

Finally, to M: I will always be grateful that you were the person to adopt me, for you have filled my life with warm memories. Thank you for everything you have done for me; I couldn't have dreamed for a better mom.

**Benjamin Weber**

Some of us will stay. Some of us will go. Either way, know that life is an adventure and we should plan on living life to the fullest.

Thanks to my family for their support and contributing to my success. Thanks to the teachers and staff at all the Bedford schools. I can't wait for my next adventure!

**Deborah Weidman**

Without a second thought, I know that I will not forget growing up in Bedford. I have truly enjoyed all eighteen years, especially the past four in high school. Thank you so much Mom and Dad. I am unbelievably grateful for your constant support and encouragement. Thank you Pamela for being the best role model. I don't know what I would have done without your advice. Thank you to my teachers: your enthusiasm for teaching has strengthened my love of learning and made school truly enjoyable. I cannot thank the music and theater department enough; I am so grateful for the opportunities you gave me, especially helping me discover my love of directing. Finally, thank you to my friends; from musical and play rehearsals to just hanging out. You have made every moment memorable, my smile a little brighter, and my high school experience one that I will always remember.

**Gabriel Wilson**

Voglio iniziare a dire di ringraziare per tutto il supporto e l'aiuto nella scuola superiore di BHS. Last year, it was impossible for me to do the math, history, and the physical work. I felt depressed during the year. After a few months, I got to a big level to continue do homework for school and my teachers helped me to let that depression go out of my head. Voglio ringraziare i miei 3 maestri che si chiamano Signora Savarino, Signore Caprioli, e Signore DeChellis. Questi 3 sono i migliori della scuola e voglio ritornare a visitare solo a loro 3 così mi sento bene durante la vita nel futuro

**Conor Wisentaner**

To my parents (and Ali/Toby)- I know I haven't been the easiest child to raise, thanks for doing such a great job making sure I turned out alright. At least I know I'll always be your favorite child. Oh, and thanks for taking me on all of those hikes when I was younger.

To my friends- Thanks for being the awesome people you are, and thanks for being the smartest students in the grade (now, school). I know class rank isn't published, but that doesn't mean I don't owe my GPA to competing with you guys for the highest grade.

To my teachers- There's no way that I would've been able to get this far without your help. Almost all I know has come from your work, and for that, I'll be eternally grateful. To anyone I haven't thanked yet- I know I owe you a thank you too, but can't make one for space reasons. Also, there's a good chance I haven't met you yet- as I write this, senior year's just beginning.

**Langchun Zhou**

Thanks to:

My mom, who kept everything running when it was all falling apart.

My dad, who talked to me about anything on my mind.

My little brother, who made things funny when my prospects did not look fun at all.

My friends, who taught me to stop worrying, get things done, and enjoy myself.

My teachers, who made my world bigger and more profound.

Thanks to everyone who played it cool when I was losing my cool, everyone who I made laugh and who made me laugh, and everyone who taught me that the only trick to doing the impossible is to try.
